Sponsorship Proposal

Dear respected [Organization/Company Name],

We invite you to join us as a key partner at the "I2COMSAPP" International Conference on Artificial Intelligence and its Applications in the Age of Digital Transformation.

This conference is dedicated to exploring the vast potential of Artificial Intelligence (AI) technologies in developing countries, aiming to provide innovative solutions to longstanding challenges.

By leveraging AI in critical sectors such as healthcare, education, economic development, infrastructure, and resource management, these nations can leapfrog traditional development stages and significantly enhance the quality of life for their populations. However, it is crucial to approach AI deployment with ethical considerations to ensure the technology serves the best interests of these communities and maximizes the expected benefits.

The I2COMSAPP aims to bring together experts, researchers, practitioners, and innovators from various fields to discover the latest advancements, challenges, and practical implementations of Artificial Intelligence and machine learning technologies. Moreover, it aims to foster knowledge sharing, collaboration, and networking among professionals who are driving responsible and innovative use of AI and leveraging real-world applications for the betterment of society and industries.

We propose in the following page variant sponsorship packages with several tiers and benefits; and we believe that your partnership with the "I2COMSAPP" Conference will not only align your brand with a crucial cause but also provide significant exposure and networking opportunities. We are open to customizing a sponsorship package that best suits your marketing objectives.

Thank you for considering our proposal.

For further discussion and details, please send email to the following address:

1) International Contact (from outside Mauritania): chair@i2comsapp.org.

2) Local Contact (from inside Mauritania): cheikhtouradmohamedou@gmail.com

Sincerely yours,
I2COMSAPP'2024 Organization Committee,
Faculty of Sciences and Techniques,
Nouakchott University, Nouakchott, Mauritania.
